

REGIONAL MULTIDISCIPLINARY SYMPOSIUM ON ENDOVASCULAR TECHNIQUES

4TH - 5TH
APRIL
2019

LOCATION:

ORGANIZER:

SCIENTIFIC PARTNERS

PARTNERS

POWERED BY:

4th April

9.00-9.30 Opening Ceremony

9.30-11.30 Neuroendovascular & STROKE Hot Session

 **Room: Main Conference room “Dr. Vasile Andriu”**
Location: Emergency County Hospital 

Unconditionally supported by  & 

Moderators: Gheorghe Iana, Stefanita Dima, Neurosurgeon TBA

Pannel: Ion Popovici, Nicu Dobrin, Dorobat Bogdan, Emanuel Radu

Live case: Carotid artery stenosis - endovascular approach

Operators: Igor Nedelciuc, Mihai Creteanu, Emanuel Gavriluic

Presentations:

1. Endovascular approach to cerebral aneurysms, Muzaffer Olcay Çizmeli
2. Recorded stroke case and the reality, Cristian Mihalea, Adrian Tutelc
3. Hemodynamic effects in cerebral aneurysms – Coanda Effect – Clinico - imaginig effects, A.V. Ciurea, N. Dobrin, L. Eva

10.30-13.00 Biliary and abdominal collections percutaneous drainage

 **Room: Radiology Department**
Location: Emergency County Hospital 

Unconditionnaly supported by 

Lectors: Corina Lupascu – Ursulescu, Vasile Fotea, Emanuel Gavriluic

11.30-11.45 Social time

 **Room: Lobby & Garden**
Location: Emergency County Hospital 

4th April

11.45 – 12.45 MDT debate & Myth Busters

 **Room: Main Conference room “Dr. Vasile Andriu”**
Location: Emergency County Hospital 

Unconditionally supported by 

Moderators: Mihai Ionac, Mihai jr. Creteanu

Presentations: Marius Rata, Mihai Ionac, Eduard Lucian Catrina
Catalin Buga - A Surgical Perspective on a Nephrology Issue: Quo Vadis, Romanian Peritoneal Dialysis?

12.45 -14.00 Social time

 **Room: Lobby & Garden**
Location: Emergency County Hospital 

14.00 -15.30 GLUNI meets ANGELS

 **Room: 2**
Location: Emergency County Hospital 

Moderators: Bogdan Dorobat, Nicu Dobrin

Pannel: Daniela Neagu, Rodica Gurau, Magda Tudor, Adrian Tataranu

Agenda:

- Panel members introduction
- Round table goals and objectives

Strengthening the stroke network within the region by facilitating communication and developing long term relationships
Discuss the Hub and Spoke model implementation and optimization

Topics:

- Stroke network situation in the region – comparison to country level
- Suceava stroke management – data analysis and opportunities for development
- Botosani stroke management – actual situation
- Piatra Neamt stroke management – actual situation
- Patient transfer in a “ Dip and Ship” model or directly to endovascular treatment when iv thrombolysis is not indicated – requirements and possibilities

Conclusion**Feedback and Q&A****14:00-19:00 Podiatry Teaching course for nurses****Room: Salzburg****Location: Sonnenhof Hotel**

Project by Association of Podiatry

**Lectors:** Delia Reureanu Pintilei, Gabriela Crețeanu**14.30-16.30 Endovascular Approaches in Critical Limb Ischemia in diabetic foot: reality or not****Room: Main Conference room “Dr. Vasile Andriu”****Location: Emergency County Hospital**

Unconditionally supported

&

Angiospectru

**Moderators:** Bogdan Valeriu Popa, Ioan Andrei Veresiu, Viorel Scripcariu**Pannel:** Marian Croitoru, Lucian Marginean, Vasile Cepoi, Rares Nechifor, Radu Florin Popa**Presentations:**

1. Real world result of endovascular approach from a reference center on diabetic foot, **Mariano Palena**
2. Caring of the diabetic foot in Romania: a Budget impact analysis of Lower-Extremity Amputation Prevention Strategies of CLI in Romania, **Ioan Andrei Veresiu**
3. The costs of ulcerations and amputations in people with diabetes assessing a subgroup of a multicentric cohort, **Diana Sima**
4. 1-Year Outcomes for Eluvia in Diabetic Patients, IMPERIAL Clinical Trial Diabetic Subgroup Analysis, **Mihai Crețeanu jr**

15:45 – 16:45 Personal experience & new perspectives presentations**Room: 2****Location: Emergency County Hospital****Moderators:** Luminita Tomescu, Cristian Mihalea

Unconditionally supported

1. 2 stent OR not too stent, this is the question: 2 cases of popliteal artery necessity stenting

Authors: Horia Traila, Victor Panus

2. A 5.5 years follow up study on patients with critical limb ischemia treated with endovascular therapy

Authors: Dan F. Filip, Gabriela Kozma, Călin Pop - “Dr. Constantin Opreș” Emergency County Hospital Baia Mare, România

3. After trombectomy, a very unexpected histopathological result of the thrombus

Authors: Neamtu R, Stanculescu R., Dima Șt. - Elias University Emergency Hospital Bucarest România

4. Thromboembolic complications after aneurysm treatment with coiling or stenting - 3 cases presentation

Authors: Neamtu R, Stanculescu R., Dima Șt. - Elias University Emergency Hospital Bucarest România

5th April

8:30-10.30 Hybrid interventions and Vascular Access

Room: Main Conference room “Dr. Vasile Andriu”

Location: Emergency County Hospital 

Unconditionally supported by 

Moderators: Marin Postu, Horatiu Coman

Pannel: Rares Nechifor, Cornel Morosan, Mihai Ionac, Catalin Buga, Mihai Ardeleanu

Live case: Abdominal aneurysm repair

Operators: Rolf Dammrau, Igor Nedelciuc, Mihai Creteanu

Presentations: Case in a box - Subclavian vein stenosis endovascular treatment Rares Nechifor, Mihai Creteanu, Catalin Lulciuc

10.30-10.45 Social Time

Room: Lobby & Garden

Location: Emergency County Hospital 

10.45-11.45 Cardiac Imaging Group Session

Room: Main Conference room “Dr. Vasile Andriu”

Location: Emergency County Hospital 

Adrian Santa: ECG gated CT in cardiac preoperative evaluation

Alina Nicula: Cardiac MR – reference imaging in diagnosis of acute myocarditis

11.45-12.45 AngioNET - Cardiovascular and Oncology Research Network, Academy of Medical Sciences

Room: Main Conference room “Dr. Vasile Andriu”

Location: Emergency County Hospital 

5th April

Moderators: Radu Deac, Mugur Grasu

1. Presentation of the EU Project 107124: Development of public infrastructure for research, development and creation of new infrastructure - Goals and achievements, TBA

2. Project IT Infrastructure as a base for the research network promoting team consensus in therapeutic decisions

3. Reserved subject, Mihai Ionac

4. Reserved subject, Mugur Grasu

8.30 – 10.30 Second GLUNI meeting

Room: 2

Location: Emergency County Hospital 

Panel: Gheorghe Iana, Stefanita Dima, Lucian Marginea, Bogdan Dorobat

8.30-9.30 Topic 1: Detailed activity report for 2018 and first trimester 2019 regarding NRI - achievements, shortcomings, proposals and hospital response times.

9.30-10.30 Topic 2: Round Table on the topic of the national registry of NRI, AP-AVC, modification of the Minister’s order, financing

10.30-10.45 Social Time

Room: Lobby & Garden

Location: Emergency County Hospital 

10.45 -11.45 Topic 3: Round table with the theme - live streaming and PACS between NRI centers in the country and abroad, interdisciplinary collaboration with neurology and neurosurgerz, procedural guides, infrastructure and organization proposals in NRI centers, development strategies, NRI 24 / 7 is feasible?
